“What should young people do with their lives today? Many things, obviously. But the most daring thing is to create stable communities...”

— Kurt Vonnegut

Pay It Forward

- Think about future students and how you can make the Data Science environment better for them
- Building a foundation
 - Ethical use of data
 - Practice and evangelize open data and science
 - Always provide open honest feedback
 - Think globally and introduce diversity to your projects whenever possible
- Keep us informed!
- ...oh those fish...

It is about simple awareness. Awareness of what is so real and essential, so hidden in plain sight all around us, that we have to keep reminding ourselves, over and over: "This is water, this is water."

David Foster Wallace
